20 Dale Street
Brookvale NSW 2100

Dear Craig,

With the beginning of a new year, it's a great time to reflect on what has occurred in the past and also project what the forthcoming year holds.

Looking at my business statistics, there are some interesting figures. Comparing the first 6 months of the last two financial years (July to December), the changes are as follows:

Revenue up by 63%

Costs up by 2%

Net profit up by 220% (That's 3.2 times as much net profit).

Having purchased half of the business 1 year ago, the statistic I like the most: the net worth of the business has increase by 73%. What a return on investment in 1 year.

Looking into the future I see a great year ahead. I see the figures getting even stronger and the growth continuing. We will see a test of our systems & procedures and a new level of mastery required to take us to the next step.

My goal of the business working without me is getting closer and closer. I'm looking forward to more opportunities & challenges when that occurs.

Thank you for your part in what has transpired over the past two years, and I look forward to sharing more achievements with you in the future.

With regards,

James Mitchell
